

GIVE \$20

FOR 20 YEARS OF PROTECTING NJ YOUTH

YOUR DONATION MAKES A REAL DIFFERENCE.

We're asking for your continued support.

In honor of Janet, help us keep NJ youth protected from
sudden cardiac arrest with a donation in any amount.

WHAT IS SCA?

Sudden cardiac arrest (SCA) happens when the heart suddenly stops beating, preventing blood from reaching the brain and other organs. It can happen to young people who appear healthy, sometimes with little or no warning.

35

**PEOPLE SAVED
— BECAUSE OF —
JANET'S LAW**

400+

AEDs

DONATED THROUGHOUT NJ

WARNING SIGNS

Fainting or unexplained collapse

Chest pain or pressure
